

REACH DECLARATION

Dear Customer,

Stansefabrikken takes REACH European Regulation (EC 1907/2006 with Subsequent amendments) most seriously. Therefore, we declare:

- We have reviewed REACH regulation (EC 1907/2006 with Subsequent amendments) and the latest list of Substances of Very High Concern (SVHC).
- According to information from our material/component suppliers and our best knowledge, no SVHC's identified in the list are intentionally added to or in the process or raw materials that are used to manufacture the products that are supplied by Stansefabrikken.
- Furthermore, we will immediately inform You in correspondence to REACH Article 33 if any substance of content (as from a content of > 0,1%) in our goods will be classified alarming by the ECHA. Based on the current status, however we do not expect such as incidence.
- This REACH declaration is valid for articles listed in Appendix 1.
