

REACH Compliance Declaration

Stansefabrikken Products AS own and produce a number of metal and enclosure products and distributes various electrical components which are primarily marketed and sold to the Norwegian electrical market.

Stansefabrikken Products AS products are in accordance with the requirements of the RoHS – Restriction on Hazardous Substances Directive (Directive 2011/65/EU of 8. June 2011) and the amending Directive RoHS 3 (Directive 2015/863/EU of 31. March 2015).

Stansefabrikken comply to the REACH regulation (Registration, Authorisation and Restriction of Chemicals - EC 1907/2006 including subsequent amendments) and the latest candidate list of Substances of Very High Concern (SVHC). We continuously work to ensure that the products produced in our factories are designed in accordance with the requirements of REACH. Ongoing contact with our suppliers and sub-suppliers is performed to uncover any SVHC in products we distribute. The requirement of notification and reporting obligations to the European Chemicals Agency (ECHA) has been implemented and are in continuous process of being fulfilled.

In accordance with REACH article 33 we hereby inform you that in some of our products the following substance, from the current SVHC candidate list and in concentration above 0,1% by weight, can be identified:

- Lead, CAS no. 7439-921 *
- Lead titanium trioxide, CAS no. 12060-00-3 *
- Dioctyltin bis(2-ethylhexyl mercaptoacetate), CAS no. 15571-58-1 *

*Can be found in articles in the product groups listed in **Appendix 1**
