

RoHS Compliance Declaration

Stansefabrikken Products AS own and produce a number of metal and enclosure products and distributes various electrical components which are primarily marketed and sold to the Norwegian electrical market.

Stansefabrikken Products AS continuously work to ensure that the products produced in our factories are designed in accordance with the requirements of the RoHS – Restriction on Hazardous Substances Directive (Directive 2011/65/EU of 8. June 2011) and the amending Directive RoHS 3 (Directive 2015/863/EU of 31. March 2015). Ongoing contact with our suppliers and sub-suppliers ensures that the materials and products do not contain hazardous substances above the allowable threshold.

Stansefabrikken Products AS operate in accordance with the restriction of the use of certain hazardous substances in electrical and electronic equipment to protect the environment and public health. To our knowledge at the time this declaration was signed, our products do not contain, or contain in approved proportions, the substances listed below. However, it is to point out that the currently applicable exemptions 6a-c and 7c, according to RoHS 2011/65/EU Annex III, concerning lead can be used in some parts.

Cadmium

Lead

Mercury

Hexavalent chromium

Polybrominated biphenyls (PBB)

Polybrominated diphenyl ethers (PBDE)

Bis(2-ethylhexyl) phthalate (DEHP)

Butyl benzyl phthalate (BBP)

Dibutyl phthalate (DBP)
